APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. If well is flowing, a valve must be installed and maintained to prevent waste. It is understood that this right must allow for a reasonable lowering of the static water level at permittees well due to other ground water development in the area.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.0

cubic feet per second, and not to exceed a yearly duty of 5 acre-feet per acre of land irrigated.

Actual construction work shall begin on or before February 24, 1952

Proof of commencement of work shall be filed before March 24, 1952

Work must be prosecuted with reasonable diligence and be completed on or before February 24, 1953

Proof of completion of work shall be filed before March 24, 1953

Application of water to beneficial use shall be made on or before

February 24, 1954. Proof of the application of water to beneficial

use must be filed with State Engineer on or before March 24, 1954

Map Filed MAY 3 1951

WITNESS MY HAND AND SEAL this 5th day

Cancelled because of failure of applicant to comply with the provisions of permit
